

The role of sustainable urban management in urban transformation - the missing link

lundi 18 juillet 2022

The Johannesburg CID Forum
Ms. Anne Steffny

Context

Urban management is about developing active citizenry and social cohesion as well as upgrading, protecting and maintaining the physical environment.

This session addresses the gap between urban renewal and its need to be sustained over time, given the reality of limited resources.

The session uses experienced African practitioners draw out clear, pragmatic solutions.
