

# Culture and sustainable development in the bank : A retrospective of our work, 1996-2007

jeudi 27 avril 2023

**September 2007**

Culture and cultural heritage (CH) are inherent elements of development. Seen as an asset for economic development, an element for the cohesion of social fabric, and/or as patrimony to be protected for future generations, CH permeates our dialogue with clients and partners and constitutes in itself a strategic line of business.
